Facebook: "help sophie walk"

SOPHIE NUGENT is 4 years old, she has cerebral palsy (CP), and she cannot walk unaided or stand on her own - she uses a wheelchair and a Kaye walker.

Sophie, who lives in Angmering village, needs a life changing operation in the USA, called **SELECTIVE DORSAL RHIZOTOMY...** at St Louis Hospital, Missouri - recently followed by BBC South Today with another young girl's story.

This operation will give her the chance to stand on her own and even walk unaided and, best of all, be pain free from the constant stiffness that comes with CP.

We need to raise £40,000 to have this once in a life time chance of a better life. We have managed to raise £16,450 so far, but need help in raising the remainder.

The operation has been performed on 1900 children - many of whom have fundraised and flown from the UK - and all of these operations have had 100% success. Thank you for all the support we have received so far.

We really need donations to give her the chance to be taken to the USA. This will truly be amazing for Sophie and her family. Please send donations either by PayPal (send to D.greaves@yahoo.co.uk) or to "Sophie's Fund" by bank transfer – Sort Code: 07-00-93, Bank A/C No: 33333334, A/C Ref: 1956/704113277.

PLEASE DONATE
